## Ashampoo Movie Studio Pro 3.0.1 Serial Keys

I am trying to convert a file from my HFS+ formatted external hard drive to an AVI, but I can only use Convert 2.5.1 on this computer. I tried to upgrade to 3, but I can't find the right download link. If anyone knows the link or where I can download it from I would really appreciate it. I have all the pieces, I just can't find the file. A: Ashampoo released it a while ago. Ashampoo Movie Studio Pro 3.0.0 Release Notes You can download it at their site.
